RE: EnvisionTO

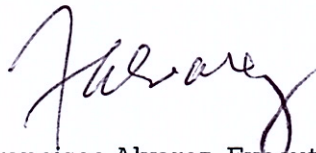

On behalf of Heritage Toronto, I would like to express our organization's support for the EnvisionTO project, as proposed by Summer Leigh.

Heritage Toronto is a charitable arms-length agency of the City of Toronto established in 1949 to promote a greater appreciation for the city's rich architectural, cultural, archaeological and natural heritage. Through partnerships with local community groups and volunteers, Heritage Toronto provides city-wide programs and services.

It is our mission promote a greater appreciation for the city's rich architectural, cultural, archaeological and natural heritage. Using accessible technology in combination with local art, this project will provide an immersive experience of Toronto, promoting an appreciation for our past, and encouraging discussion around our city's future.

As a virtual-reality portal to experience of Toronto's topography, EnvisionTO offers a number of prospects for collaboration, within our core programs—tours, plaques, and the Heritage Toronto Awards—as well as with our special programming, most notably our celebrations of Canada's 150th Anniversary of Confederation.

We look forward to exploring further how we might work together on this project, to celebrate and commemorate the history of Toronto as part of the country's sesquicentennial anniversary.
